## SUMMER CAMP 2012

Session I July 16-20 | Session II July 23-27 | Session III Aug. 13-17

The foundation of our speech boot camp program is to work intensively on correct speech production. There will be a combined approach of specific sound correction and a Phonological Cycles approach for children who have single or multiple sound errors. Our therapists will utilize a variety of activities to ensure maximum practice combined with fun sound activities through engagement in games, crafts, movement and technology.

### **"SOCIAL SPEECH CAMP"**

Ages 3-5—M.W.F 9:30-10:30

Ages 6-8—M.W.F 10:30-11:30

Our DIR camp is led by a Social Worker & Speech-Language Pathologist and focuses on supporting the child's individual sensory, social, speech and emotional profile while facilitating and modeling moment-to-moment social interactions between peers. By creating a camp like social environment we are able to promote engagement, shared attention, emotional regulation and social pragmatic speech. Children will participate in circle time, crafts, sensory gym activities and social speech games.
